

Mission Commander Tactical

Overview:

Mission Commander Tactical (MISCDRTAC) is an advanced software suite that runs on a desktop or tablet computer. It facilitates the integration, configuration and management of DTC SOLO COFDM links, Nugget sensors and IP Mesh products.

Mission Commander Tactical provides a single interface to manage all aspects of RF spectrum allocation and AES encryption keys employed across a tactical network.

Mission Commander Tactical will display and manage the geographical deployment of equipment. It provides the vital information required to make informed real-time decisions.

A multi-format compatible video player is included that optionally allows AES decryption. The player supports all common video codecs including H.264, MPEG-4 ASP and MPEG-2 and even H.265.

Mission Commander Tactical also supports common return PTZ formats including VISCA and PELCO.

Features and Benefits:

- Intelligent management of COFDM video and IP transmission systems
- Tactical deployment
- Works with both online and offline maps
- Advanced sensor event handling
- Integrates with public & private networks
- Automated video management
- Frequency and channel mapping
- Integrates with third-party network tools such as IP cameras and web apps
- Short term surveillance
- Mobile covert missions
- Citywide surveillance infrastructures

Mission Commander Tactical

Product Information:

License Options

MISCDRTAC-S (included)	Silver license for 10 devices
MISCDRTAC-G-UP	Upgrade from Silver to Gold for 10 devices, perpetual
MISCDRTAC-G	Gold license for 10 devices, perpetual
MISCDRTAC-G-1YR	Gold license for 10 devices, valid 1 year
MISCDRTAC-G-3YR	Gold license for 10 devices, valid 3 years
MISCDRTAC-P-UP	Upgrade from Gold to Platinum for 20 devices, perpetual
MISCDRTAC-P	Platinum license for 20 devices, perpetual
MISCDRTAC-P-1YR	Platinum license for 20 devices, valid 1 year
MISCDRTAC-P-3YR	Platinum license for 20 devices, valid 3 years

Additional Licenses

MCS-GATE-SER	Mission Commander Gateway per camera
MCS-GATE-SER-MAINT	Mission Commander Gateway maintenance per annum
MCS-SSC	Stream converter (32 streams), perpetual
MCS-SSC-16	Stream converter (16 streams), perpetual
MCS-SSC-1YR	Stream converter (32 streams), valid 1 year
MCS-SSC-3YR	Stream converter (32 streams), valid 3 years
MCS-VW1DEC	Video wall, 1 decoder
MCS-VW4DEC	Video wall, 4 decoders

License Capabilities

Silver/Gold/Platinum	Encryption Key Rings
Silver/Gold/Platinum	Channel Plans
Silver/Gold/Platinum	Device Configuration via FCON
Silver/Gold/Platinum	Maps (online and offline)
Silver/Gold/Platinum	IP Mesh
Silver/Gold/Platinum	Nuggets
Silver/Gold/Platinum	Encipher
Silver/Gold/Platinum	PTZ Controller
Gold/Platinum	Video Playback
Gold/Platinum	Infrastructure
Gold/Platinum	COFDM SOLO Tx/Rx Products
Gold/Platinum	IP Hardware Decoders

Computer Requirements:

Operating System	Windows 7 or newer, 32 or 64-bit
RAM	4GB

Encrypted products are subject to regulatory export controls
